

LIVINGSTON EXPRESS SHUTTLE (LES) SCHEDULE (effective 9/1/16)

www.livingstonexpressshuttle.org

The Livingston Express Shuttle provides round-trip transportation between the Livingston Mall and the South Orange Train Station. The cost is \$2 per trip or \$70 per month. Exact fare is required.

Parking for commuters is available at the Livingston Mall free of charge in Section 18, located near the Walnut Street entrance, behind Macy's and beside the "bus depot" where there are two active bus shelters. The Shuttle picks up passengers at the 1st Bus Shelter. The parking area is well lit and will be regularly patrolled by both Mall security and the Livingston Police Department.

IMPORTANT NOTES:

- Traffic & weather may cause unexpected delays
- Train times are provided as a recommendation; please see the Morris & Essex Line Schedule at njtrainsit.com for more information
- If a train is delayed 10 minutes or less from the published schedule, the shuttle will wait. If the delay is more than 10 minutes, riders will need to wait for the next shuttle.

HOW TO RECEIVE LES SHUTTLE GROUPME NOTIFICATIONS:

This is a primary form of communication to keep riders updated on the current operational status of the shuttle. Please note that text message and/or data usage rates may apply.

- 1) Send a text with your first and last name to 973-727-4267 asking to be added to the LES GroupMe distribution
- 2) It may take 24-48 hours to add you to the distribution list.
- 3) After you are added, you will receive a text from the group. To keep receiving messages from our GroupMe site, you need to reply to that message (such as "Thank you") within 2 hours.
- 4) Note that most cell phones allow users to customize their text alerts, so you can set the GroupMe texts to not beep or vibrate on your phone, but still see them when you check your phone, without affecting your other texts.
- 5) About the GroupMe notifications: We will do our best to notify riders about service delays. If there is no information posted, please assume the shuttle is on schedule; it may arrive any minute.
