LTV BROADCASTS TOWNSHIP COUNCIL MEETINGS

(LIVINGSTON, NJ: January 9, 2011) Livingston Television (LTV) will broadcast the Township of Livingston Town Council meetings beginning Monday, January 9. The first airing of the program will be on Thursday, January 12.

The LTV co-executive producers, Joel Goldberg and Joel Lightner, are enthusiastic about this new programming opportunity for Livingston and the local viewing area. LTV and members of the Town Council have discussed the possibility of broadcasting meetings, due to public interest.

All township meetings take place in the Town Hall on South Livingston Avenue and are open to the public. Now, however, with LTV's new programming, the township council meetings will be brought into residents' homes and living rooms unedited and you will see the same thing as if you are there in person.

"We are pleased to deliver quality community programming to Livingston residents, particularly something as important as our township council meetings," says Joel Lightner.

The Township Council 2012 meeting schedule can be found at www.livingstonnj.org by selecting Township Council on the sidebar menu. The broadcast schedule of the Council Meetings is Thursday 7:30 pm and Saturday 10:00 am, the same week as the Monday meeting. Other LTV schedules can be viewed on the same website by clicking on Boards/Committees and then "Livingston Public Broadcasting Company." LTV can be viewed on Comcast Channel 34 and Verizon Fios Channels 26 and 28.

To volunteer to be on the LTV staff, please contact: LivingstonTV@gmail.com.
