

PUBLIC NOTICE
MASTER PLAN PUBLIC FORUM

Livingston has undergone change and growth throughout its existence. Since 1946 we have had successive Master Plans that formed the framework within which the change and growth has taken place.

Our current Master Plan was adopted in 2007. State law requires that the Planning Board complete a review, and any necessary update, of that plan this year. In doing so, we invite and will appreciate the views of Livingston residents and business owners.

On Tuesday, March 21st, the Planning Board will hold an Open Public Forum to hear recommendations as to the planning goals and objectives that should apply to our town over the next ten years and beyond.

What improvements are necessary or desirable in: housing, community facilities, retail shopping, service businesses, offices, industry, transportation, recreation, environmental protection, traffic, parking or other physical aspects of the community?

Please share your thoughts with us at the
